

715.41 -- Flexible Plastic Drums

Effective Date: January 13, 2016

Materials Code 715.041.001

MANUFACTURER	MODEL	APPROVED LAB NUMBER
Traffix Devices TDI1.01.661	18046-HD-HI w/ 40# rubber base or sand filled base	1399301
Traffix Devices TDI1.01.661	18046-LD-HI w/ 40# rubber base or sand filled base	1399302
Allsafe Serices and Materials ASM1.01.664	1500 (High Density) with 35# rubber base	1399303
Allsafe Serices and Materials ASM1.01.664	1510 (Low Density) with 35# rubber base	1399304
Work Area Protection WAP1.01.664	B400 High Density with 40# rubber base	1399305
Work Area Protection WAP1.01.664	B400 Low Density with 40# rubber base	1399306
Work Area Protection WAP1.01.664	B500LC Low Density with 35# rubber base, 40# rubber base, or plastic base w/ 50# max. base mounted sand bag ballast	1399307
Bent Manufacturing BMC1.01.664	Superdome High Density with 40# rubber base or sand-filled base	1399308
Bent Manufacturing BMC1.01.664	Superdome Low Density with 40# rubber base or sand-filled base	1399309
Plastic Safety Systems PSS1.01.664	Lifeguard Low Density with 40# rubber base	1399310
Plastic Safety Systems PSS1.01.664	Lifeguard II High Density with 40# rubber base	1399311
Plastic Safety Systems PSS1.01.664	Lifeguard II Low Density with 40# rubber base	1399312
Plasticade Products PPC1.01.664	454 High Density with sand-filled base	1399313
Plasticade Products PPC1.01.664	454 Low Density with sand-filled base	1399314
Eastern Molding International EMI1.01.664	HTHD-6HI with 40# rubber base	1399315
Eastern Molding International EMI1.01.664	HTLD-6HI with 40# rubber base	1399316

The following models are no longer manufactured by the manufacturers listed. However, Contractors may continue to use the model drums listed, if in their inventory, through their useful life:

MANUFACTURER	MODEL	APPROVED LAB NUMBER
Work Area Protection WAP1.01.664	B-100LL	1399317
Work Area Protection WAP1.01.664	B-200	1399318
Work Area Protection WAP1.01.664	B-300 LL Rubber Tire	1399319
Allsafe Serices and Materials ASM1.01.664	#PB-85A	1399320

All drums shall be manufactured per the requirements of the WVDOH publication "MANUAL ON TEMPORARY TRAFFIC CONTROL FOR STREETS AND HIGHWAYS", latest printing, and the FHWA publication "MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES", latest edition.

Drums shall utilize 2 ea. 6" wide Type ASTM-III orange and 2 ea. 6" wide Type ASTM-III white alternating reflective sheeting bands, with the top band to be orange.

* Products approved for all locations other than work zones specifically signed as having width restrictions.
